## WORK EXPERIENCE

Queen Elizabeth Hospital IT department – 1<sup>st</sup> July 2024 – present

I have been working for the IT department for my work experience and have done a total of 5 weeks starting from the first of July.

I have worked hands on with clients in person and on calls. I have had face-to-face communication with numerous staff members including nurses and doctors all over the hospital.

I have had been working in the IT office fixing nerve centre devices for the nurses and doctors and have loads hands on with technology throughout my experience

**Basic Understanding of Computing** – Good familiarity with Microsoft packages and a good basic level of IT literacy

**Team player** – several years of playing football has help influence that more can be achieved by a team working together.

**People** – Confident and mature, I can communicate with people of all ages.
